

FOR IMMEDIATE RELEASE**PNC Selects NorthStar Wealth Management Software**

*Company Provides Private Banking Advisors Best-in-Class Software
To Support High Net Worth Clients*

San Francisco, CA – January 22, 2008 – NorthStar Systems International (NorthStar), a leading provider of wealth management software, today announced that PNC Wealth Management, a division of The PNC Financial Services Group, Inc. (NYSE: PNC), has selected NorthStar software.

NorthStar will help provide PNC with an integrated wealth management solution for its private banking advisors. NorthStar's best-in-class wealth management software will enhance PNC's desktop technology initiative for supporting growth, advisor productivity, regulatory compliance and quality advice to clients.

By integrating profiling and proposals, financial planning, investment selection, portfolio construction, and client reporting and management into a single workflow, NorthStar's solution will allow PNC advisors and their teams to operate more efficiently and improve the quality of their interactions with clients and prospects.

"We are very excited to have PNC as a client," said Bob Skea, chief operating officer, worldwide field operations for NorthStar. "We look forward to providing advanced technology to support PNC's wealth management strategy and help its advisors spend more time with clients and prospects. The efficiencies and productivity improvements resulting from the use of our software will help PNC to efficiently operate its wealth management business."

About NorthStar Systems International
